Weekly News

Friday 18th June

No.23

The engineers have now graded all our entries Pass, Merit, Distinction or Distinction Shortlisted. All students who have been graded Pass, Merit or Distinction have all done fantastically! The students who have been graded Distinction Shortlisted will now have their entry judged by expert judging panels, where they will have a chance to be crowned the winner for their year group in their region! Well done to everyone who took part – what fantastic ambassadors for our school.

MARY MAXWELL 2021

To say I was impressed is an understatement. The level of maturity and skill on show as P7 presented on topics so close to their hearts was truly amazing. I forgot I was watching ten and eleven year olds! They were a credit to the school and their families and what a wonderful bunch of strong, motivated, young men and women with both big dreams and a fantastic social conscience we are sending out in to the world. Well done P7! I was inspired this afternoon and I cannot thank you enough for inviting me along. Now to enjoy your leavers week, you've earned every bit of it.
Mr Houston.
