### SCHOOL FUND

On Wednesday 18th October, we opened payments for our school fund. Firstly I want to thank you in advance of making a contribution, your donation really does make a huge difference to our school. Indeed, in 'normal' years the donations are important however of late with pressures on school budgets your contributions really are invaluable. If you log on to your Parentmail account, you will see there are options of: £20 per child or £30 per family. We have had requests to include an option to pay more. We do greatly appreciate the offer and have included this option on Parental via an additional payment box however please be assured that the amount mentioned above is all we ask. Yours Sincerely

A. Palnoch
